---

**What's topdown  
approach and how to  
apply it?**

---

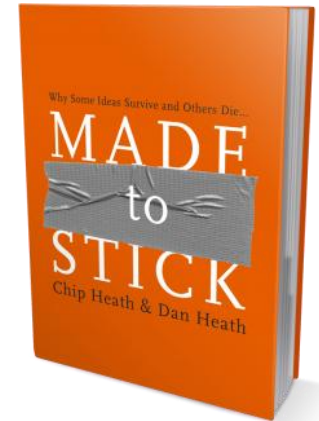

## 1. What's topdown approach?

A top-down approach is one that starts with general concepts and then breaks them down into smaller, more specific details.

# Advantages and Disadvantages of the top-down approach

Advantages	Disadvantages
Provide a clear overview: you understand the big picture before getting bogged down in the details.	Can be abstract: It can be difficult for beginners to understand abstract concepts without concrete examples.
Can be effective: It may be faster to learn the general concepts first and then get into the details later.	
Can be helpful for complex topics: Breaking down complex topics into smaller pieces can make them easier to understand.	

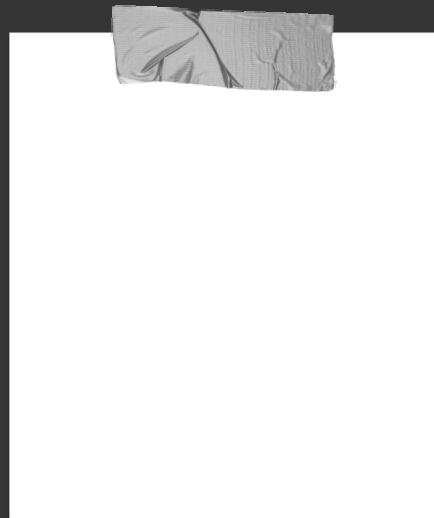

## 2. How to apply it?

1. Determine your goals
2. Find the "big picture" of your problem
3. Let's break it down step by step and do it
4. Actively engage with the material

—

Learning how to  
learn **and learn**  
**fast?**

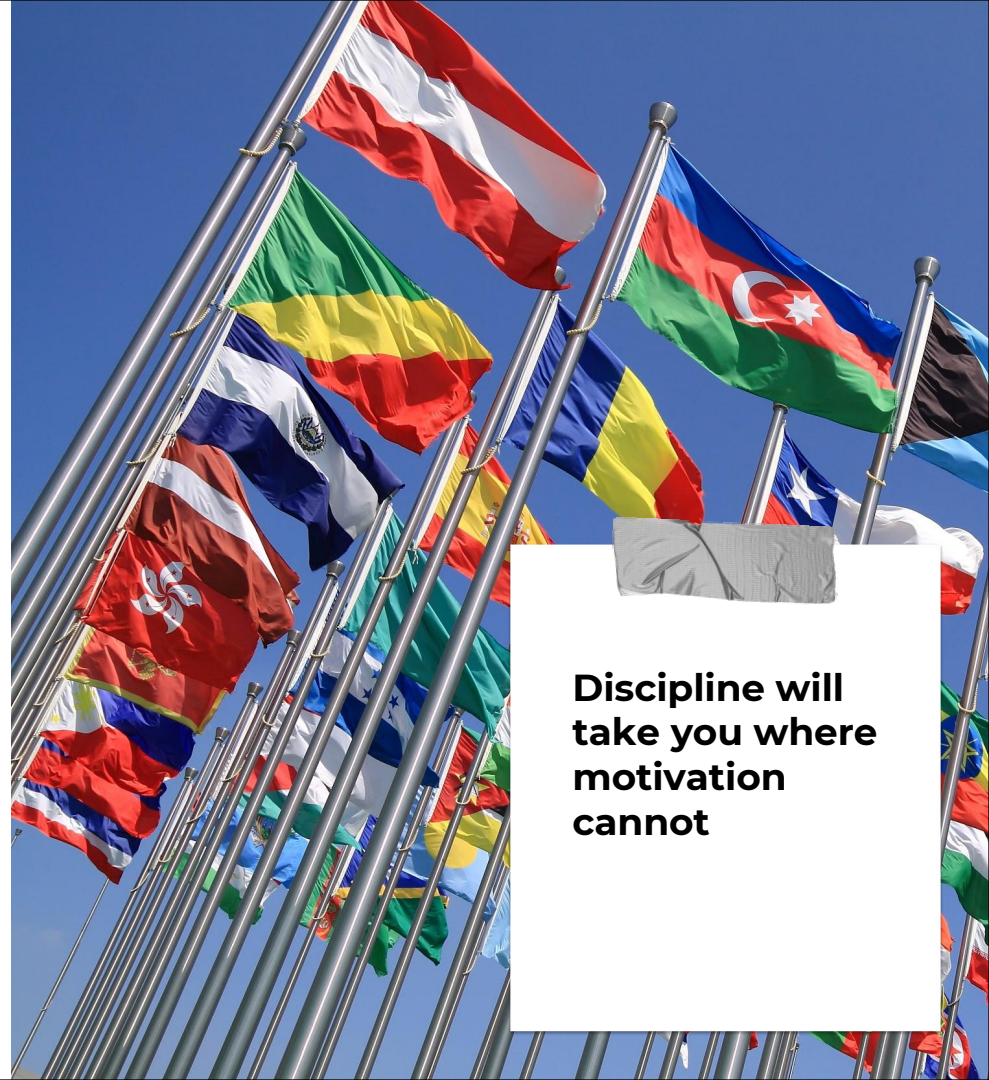

- 
- Set goals for yourself
  - Understand and rewrite according to your ideas
  - Learn and memorize the core part of the problem
  - Try-self testing
  - Teach what you learn to anything around you
  - Rest for an amount of time that suits you before continuing

# How to autonomy at work?

- Set clear goals
- Follow the established discipline
- Determine which tasks need priority and which tasks can be done later

**Discipline will  
take you where  
motivation  
cannot**

What's the smart  
question? **How to apply  
it on your daily  
basis/work?**

---

**A smart question** is a question that is asked  
**precisely and clearly**, helping **the**  
**respondent** clearly **understand the problem** and  
answer in detail and completely

1. Define Your Objectives
2. Think about what you already know
3. Ask Open-Ended Questions
4. Listen Actively
5. Use the 5 Whys Technique

The background of the image shows a group of people sitting at a table, looking out a large window at a city skyline. The skyline features a prominent building with a large dome, likely a cathedral or government building. The scene is dimly lit, with the people in the foreground appearing as silhouettes against the brighter city view.
